'Live Life Well'

Some say it's about sharing the good moments in life with family and friends under an open sky. For others it's about being grateful, to feel content in all aspects of your life. It's about the time we let go from the day and kick back with the people close to us. And its about being real and finding something authentic to you.

Home should be about relaxation and laughter with no worries on the inevitable mess. Don't wait. Make memories today.

The Cosh Living Story

Founded in 2008 by Directors Colin Kupke and Shane Sinnott, Cosh Living began selling designer outdoor furniture sourced from leading European brands for the residential and commercial sectors.

Since 2016 Cosh has transitioned into a business additionally supplying indoor furniture and to do this the company decided to develop its own uniquely Australian brand, Kett.

The Cosh business in 2020 employs 60 staff, has showrooms in Melbourne, Sydney, Brisbane and Perth, and its factory, warehouse and design studio in Melbourne.

Our goal is to grow equal strength between the indoor and outdoor segments of the business and facilitate a transition between the warmth, comfort and functionality of indoors to outside.

The showcased collections are contemporary in style, defined by a strong design influence, high quality materials, craftsmanship and exceptional comfort.

Together with our leading international outdoor brands Tribu, Dedon and Gloster, our emerging Australian indoor brand Kett, supported with selections from Italian brand Potocco, we pride ourselves in providing customer service and showroom experience like no other.

Where clients can consider furniture for all areas of the home, knowing that it will follow seamlessly throughout with quality, elegance and comfort.

A property nestled within the surrounding bushland, Gwenton Park has been transformed into a holiday home suitable for three generations to come together under one roof. "The interiors required practicality so that family could ebb and flow from the pool and outdoor areas to the interior with ease and a sense of barefoot comfort." Says designer Malvina.

A sensitive reincarnation has brought new life to this Victorian terrace through a light-filled extension and reconfiguring of spaces. By working with the home's original beauty - balancing the heritage features with a pared back modernity - the final result is a quintessential Sydney terrace that embraces family living without compromising on character.
